## 3. Very Low Cost

- Listing an item on eBay can cost as little as \$0.35 for a 30 day period (some items like Trucks and real-estate have a different listing fee)
- Multiples of an item do not need to be listed separately
- Between PayPal and eBay fees, items that sell are charged about 9% of the final sales price
- Shipping is calculated and added onto the sold price automatically

## 4. Extension of your existing selling efforts

- You have already calculated a selling price
- You probably have daily UPS delivery, so shipping not a major hurdle
- Descriptions and technical details on items you are selling are already known
- Natural extension of your business practices

## 5. eBay is a complete selling environment

- Uploading of pictures and resizing supported
- Calculation of Postage/UPS is based on weight and your shipping/selling location
- Collection of money via PayPal is provided
- Management of bids and sales, and tracking of tasks built into eBay
